MARBLISS

The Marbliss series brings the luxury of real marble to your kitchen. With its rough exterior, these mortars, wine coolers and glass coasters are practical eye-catchers that you would rather not hide away in a cupboard. Perfect for those who love robust, solid and natural material in a modern setting. The series consists of mortars, a

wine cooler, glass coasters and spice jar with lid. To extend the life of your mortar and spice jars, we recommend treating the inside with a layer of vegetable oil. Leave this on overnight and wipe off excess product with a clean cloth. This will make your mortar and spice jar resistant to stubborn foods!

A photograph of a modern interior space. On the left, a curved staircase with a light-colored wall and dark vertical accents leads upwards. In the foreground, two white rectangular pedestals sit on a light-colored wooden floor with a herringbone pattern. The taller pedestal holds a shallow, dark-colored bowl. The background features a light-colored wall and a doorway leading to another room.
