A NEW LIFE

RECYCLED STONEWARE

As part of our vision for a more sustainable future, we're proud to introduce a new collection, A New Life, made from recycled materials. This is the first step in our journey toward circular design and responsible manufacturing.

The factory we're working with not only meets high environmental standards but also prioritizes the well-being and fair treatment of its employees.

While this is just the beginning, it's an important milestone for us, and we've therefore added the circular heart symbol to underscore our commitment to corporate social responsibility within our industry.
